1

The States' Rights Council of Georgia, Inc., is a non-profit, non-partisan, non-factional educational, charitable, eleemosynary and patriotic organization dedicated to the preservation of constitutional government and a free republic.

This group is not affiliated with any person, firm or corporation either within or without the State of Georgia. As a corporate unit, it is devoted to the maintenance of harmonious race relations in the State through preservation of the traditional establishment of segregation in both public and private places.

It is the policy of the States' Rights Council of Georgia, Inc., to stimulate cooperation on the part of both races to maintain the established pattern of life in the South and the integrity of both racial groups which have been living in harmony without outside dictation and interference for nearly 200 years.

The Council rejects and repudiates the use of force, intimidation or any other unlawful or unchristian means in the attainment of its objectives. Moreover, it deplores all such efforts by extremists of both races.

Under the proper conception of states' rights, this organization condemns the activities of any groups of any kind from anywhere coming into this State or going into other states with the ulterior motive of disrupting the orderly and constitutional operation of the law in such states.

The States' Rights Council of Georgia, Inc., embraces a solemn creed dedicated to the preservation of individual rights and liberties of the American people, free of bureaucratic control and unlawful usurpation of powers by any branch or agency of government.

The purpose of this organization is to provide a rallying point for all freedom-loving Americans who are concerned about the fate of this nation and who wish to maintain its government as a free republic where the rights of the individual are paramount in all of those spheres of activity not specifically delegated to the national government by the Federal Constitution.

To all of these principles of Americanism and faith in Almighty God, the members of the States' Rights Council of Georgia are solemnly dedicated.

If you share these convictions, you are urged to become a member of the local council in your area. Watch your newspaper for an announcement of the time and place of the organizational meeting and be sure to attend and carry your family, neighbors and friends with you.

If you would like to have a part in organizing the local council in your area or if you would like to join right now and later be assigned to the local group, please write to the following address for information and instructions:
